

## Ohio's Aging Eye Public Private Partnership

A statewide collaboration preparing  
for the growth of aging eye challenges in Ohio

**Ohio's Aging Eye Public Private Partnership** (AEPPP) is a statewide collaboration formed to respond to the growth of aging eye challenges in Ohio. The mission of the AEPPP, an initiative supported by the Ohio Department of Aging, is to develop a strategic plan of action to address issues relating to vision care public policy, vision care services, vision education, and vision research that impact the quality of life for Ohio's seniors now and in the future.

### Member organizations of the AEPPP

**are:** AOPHA, Association of Area Agencies on Aging, Association of Ohio Health Commissioners, Council for Older Adults, KnowledgeWorks Foundation, Ohio Council for Home Care, Miami University, NASA Glen, Ohio Association of Gerontology and Education, Ohio Agencies Serving the Visually Impaired, Ohio Department of Aging, Ohio Department of Health, Ohio Department of Insurance, Representative Kathleen Chandler, The Research Institute at Nationwide Children's Hospital, Ohio Ophthalmological Society, Ohio Rehabilitation Services Commission, Ohio Osteopathic Association, Ohio Optometric Association, Ohio Veterans Visual Impairment Services Team - VISN 10, Opticians Association of Ohio, and Prevent Blindness Ohio.

## Enjoy Good Sight for Life!

### Vision Problems are Growing

Half of all blindness can be prevented, but the number of Ohioans who suffer vision loss continues to increase. Because of the growth in the aging population, there will be more than 2.5 million Ohioans affected by vision-robbing conditions by the year 2030. The primary causes are diabetic retinopathy, cataract, glaucoma, and age-related macular degeneration (AMD).

### Protect Your Sight

There are several steps you can take to make sure your vision remains healthy for as long as possible.

- Eat a healthy diet as recommended by your doctor
- Exercise
- Do not smoke
- Wear sunglasses
- Have an eye exam performed by an eye care professional on a regular basis!

Many eye diseases, including those associated with diabetes and age, do not exhibit any initial symptoms before permanent vision loss can occur. An eye exam with pupil dilation is the best defense against undetected eye disease.

### Eye Care Resources

Read on to find a listing of statewide telephone numbers to assist you in finding an eye doctor, prescription assistance, rehabilitation services, educational materials, and access to low or no cost eye exams!

### Professional Eye Care

## Aging & Disability Services

Your local Area Agency on Aging (AAA) provides information and referral for a variety of services and programs aimed at giving older adults the opportunity to live independently. Available services include, but are not limited to, case management, home delivered meals, home health and personal care services, home modifications, and transportation services. Ask your AAA about their free in-

home long-term care consultation. To find the AAA that serves your community call 1-866-243-5678 or [www.aging.ohio.gov/resources](http://www.aging.ohio.gov/resources).

For additional information about aging services in Ohio contact the Ohio Department of Aging at 1-800-266-4346 or [www.aging.ohio.gov](http://www.aging.ohio.gov).
